

SUSTAINABLE ORGANIC GOODS
BENNETTO[™]
 NATURAL FOODS CO

Organic fair-trade chocolate that's good for everybody.

Some people stockpile canned beans and ammo. Others hoard Bennetto. It's not uncommon for shoppers to buy ten bars of this fairtrade chocolate at a time because it's such great value. Bennetto has packaging to die for, and that superfine smoothness that comes from masterful tempering. You could say it's the ethical alternative to Lindt. This organic range has been a reliable seller from day one, besting 100g blocks on price and boasting flavours like Amaranth Sea Salt and Orange With Chilli.

✓ **Brand value** – Bennetto is an established brand in the market with fairtrade, organic and vegan boxes ticked. Shoppers know they're getting a great deal on this ethical treat.

✓ **High performance product** – Bennetto is priced to sell, offering 100g of fair trade chocolate for the same price as many smaller-sized competitors. Cue rapid turnover.
