PIZZA DOUGH

Made with AUSTRALIAN FLOUR

Our signature product - the easy-stretch dough disc, has been created from an authentic artisan Italian recipe to create a consistent product every time. Each batch is slow-fermented resulting in a light, fluffy crust and crispy base, typically Italian. Our range of dough discs are shaped as a disc for faster thawing and proofing, or as a traditional dough ball.

The dough is made using 100% Australian Wheat Flour and snap frozen to retain freshness without compromising on quality. Once thawed the dough can remain refrigerated for 3-5 days minimising wastage and costs. Designed to bake hot and fast (at least 250°C).

DOUGH PREPARATION:

1. THAW

Thaw and proof dough in an airtight container at room temperature for 6-8 hours. Alternatively, thaw the dough overnight in the refrigerator, with an additional 2-3 hours at room temperature prior to service.

2. STRETCH

Hand stretch the dough once it is 1.5 times in size and reached room temperature.

3. TOP

Keep the toppings simple

4. BAKE

Bake at 300°C for 3 minutes. (Bake time based on a conveyor pizza oven).

PAR-BAKED PRODUCTS

Made with AUSTRALIAN FLOUR

Sugo tu's par-baked pizza bases are the perfect balance between convenience and exceptional flavour. Each base is made from a premium artisan sourdough recipe, slow-fermented over three days, then individually hand-stretched for an authentic artisanal look and stone-baked. The bases can be pre-sauced for your convenience using our signature pizza sauce made with rich, ripe Italian tomatoes. Simply top, bake and serve.
